PAGE 42 | SKU: NT1043

#1 EDGING SOLUTION

THE EDGING THAT DOES IT ALL

Permeable & Dense Grade

Scan to learn more!

- ✓ Patios
- ✓ Driveways
- ✓ Walkways

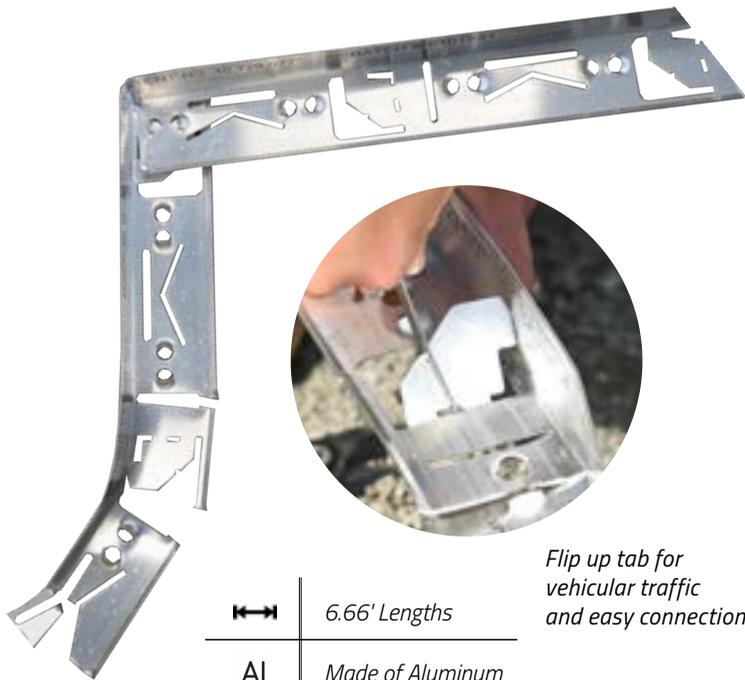

Eliminate Callbacks!

QUICK-E-Hybrid HD Edging

Available online or through your authorized dealer

SKU: NT1060

See website for pricing

6.66' Lengths

Made of Aluminum

Flip up tab for vehicular traffic and easy connection

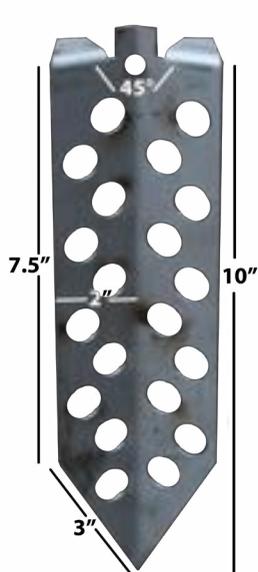

200 LF in 30 pc. Bundle!

- » Use with the QUICK-E-Hybrid HD Stakes (sold separately) for permeable applications
- » Use a standard 10" flathead non-galvanized spike installed on a 60° angle to prevent uplift in dense grade applications (Use the QUICK-E-Hammer for ease of installation. Sold separately)
- » Easy to cut and form around curves

QUICK-E-Hybrid HD Stake

SKU: NT1061 | See website for pricing

10" Stake

Made of Steel

75 pc./box

FOR PERMEABLE, OPEN GRADE, AND HYBRID BASE APPLICATIONS

- » NO mixing messy concrete
- » NO more geogrid
- » NO heavy curbing needed
- » Designed to retain permeable pavers
- » Hammer in QUICK-E-Hybrid Stake

(Use the QUICK-E-Hammer for ease of installation. Sold separately)

HOW MANY STAKES DO I NEED? 5 PER 6.66' PIECE

- » 30 pc. Bundle: **2 boxes**

"This is the only paver edging I am going to use from now on. I used it for a job that was a crushed stone application opposed to an open graded application. It was easy to bend around the curves and I really like how the spikes go in on an angle vs. straight up and down."

JOSEPH WOPPERER,
STONE AND LANDSCAPE CREATIONS, NY

30 PC. BUNDLE 6.66' (200 LF)

DENSE GRADE / GRAVEL APPLICATION

Stitching Technology

PROBLEM

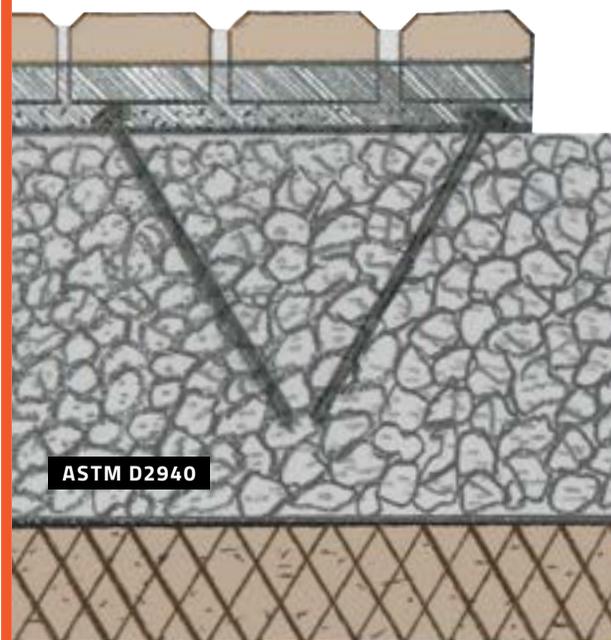

Edge restraint lifting up overtime

SOLUTION

Installing landscape spikes at a 60° angle allows the spikes to "stitch" together to help prevent uplift over time

COMMITMENT

Quality Edging + Quality Contractors = Quality Jobs that Last

DENSE GRADE BASE SOLUTION

Install 10" non-galvanized spike at 60° forced angle

OPEN GRADE / PERMEABLE APPLICATION

Retains Clean Stone

PROBLEM

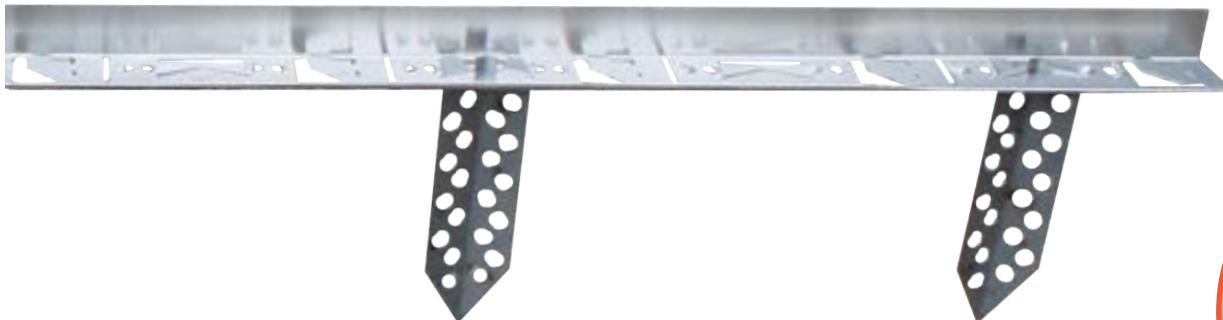

No sustainable edging solution for permeable applications

SOLUTION

QUICK-E-Hybrid Stakes allows the stakes to have positive connection to the earth

COMMITMENT

Quality Edging + Quality Contractors = Quality Jobs that Last

PERMEABLE (OPEN GRADE) BASE SOLUTION

Install QUICK-E-Hybrid Stake

**Note: All suction products can be purchased separately.*

Suction/Vacuum Guide

Welcome to the world of suction and vacuum equipment. Which best fits your business?

*Follow this guide to accurately decide**

STEP 1: PICK PRODUCT TYPE				
		NON-POROUS (WET CAST, NATURAL STONE & PORCELAIN)	SLIGHTLY POROUS (LIME STONE / SAND STONE & SOME MANUFACTURED PAVERS / SLABS)	VERY POROUS (MANUFACTURED PAVERS / SLABS)
STEP 2: PICK A POWER SOURCE THAT WILL PICK YOUR PRODUCT WEIGHT				
BATTERY POWER PACK	PAGE 14	up to 2400 lbs.		
COMPRESSOR ASSISTED INLINE VENTURI	PAGE 16	up to 2400 lbs.		
COMPRESSOR ASSISTED HV VENTURI	PAGE 16	up to 2400 lbs.	up to 440 lbs.	
BACKPACK VACUUM	PAGE 18	up to 862 lbs.	up to 600 lbs.	up to 600 lbs.
HIGH FLOW 200E	PAGE 20	up to 440 lbs.	up to 440 lbs.	up to 440 lbs.
TUBE LIFTERS	PAGE 21	up to 310 lbs.	up to 310 lbs.	up to 310 lbs.
GRABO HIGH FLOW	PAGE 13	up to 242 lbs.	up to 242 lbs.	up to 242 lbs.

**Note: This is just a guide. Porosity can vary from block to block which can affect the weight picking capabilities.*

BRAND NEW PADS!

- » 2 complete hydraulic circuits required
- » Multiple attachment heads (sold separately)
- » Extension Kit 30" - 78" (sold separately)

*#1 Choice for Picking
Retaining Wall Blocks*

Opportunity Cost

noun ECONOMICS

The loss of potential gain from other alternatives when one alternative is chosen.

Ex: If you spend 10 extra minutes doing a task; you've really lost 20 minutes because those 10 extra minutes you spent could have been allocated for your next task.

Hand Tools

QUICK-E-POWER WHEELBARROW KIT

SKU: WB100 | \$1,400.95

NEW

Modify your wheelbarrow instantly!

- » Commercial grade
- » Installs easily in just 20min or less
- » Variable speed throttle control
- » Batteries can last several days
- » Motor life expectancy is over 3,000 hours
- » 1 year limited warranty

See website for installation details.

*Batteries and wheelbarrow not included

Compatible with DeWalt and Milwaukee batteries

QUICK-E-PAVER POPPER

SKU: NT1026 | \$279.95
w/ extra set of teeth
SKU: NT040 | \$319.95

Extracts pavers & slabs

- » Allows one hand to be free to tap surrounding pavers – initiating the breaking of the interlock bond
- » **NEW** thinner teeth
- » Teeth made from hardened steel

Replacement teeth (NT1028 \$52.95)

TIP: use boiling hot water around the paver to soften the polymers if the joints are polymeric sand.

 Adjusts 6" - 24"

 Manual lock

QUICK-E-AQUA PACKER

SKU: NT032 | \$143.95

6' 6" pole

Infuse water into soils & eliminate air pockets while planting

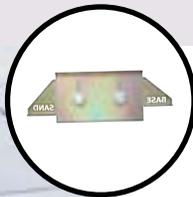

- » Water lubricates soil, filling tight void spaces
- » Compact "hard-to-get" areas
- » Attaches quickly to a garden hose (not included)
- » Easy on/off valve to control water flow

BENEFITS:

- » Bulk heads, new pools, newly dug trenches, plants, etc.

QUICK-E-GAUGE

SKU: NT001 | \$150.95

Adjusts for paver sizes:
45mm - 95mm

Set your base and setting bed with one easy adjustment

- » Reduces the need for skilled grading labor by using a tool and system
- » Quickly adjusts for laying 45mm - 95mm pavers
- » Made from heavy duty zinc coated solid steel
- » Top tab made for a magnetic torpedo level

MAXI GAUGE

SKU: 53440 | \$315.95
w/ Screed Board Kit
SKU: NT084A | \$475.95

Pairs with the
Screed Board Kit!
pg. 37

Set the height of your base and setting bed up against a fixed edge

- » Reduces the need for skilled grading labor by using a tool and system
- » Adjust tab up and down
- » Attaches to the Screed Board Kit (3.94" H x .71" W)
- » Adjusts up and down 3/16" - 5 5/16" (5mm - 135mm)

QUICK-E-GRADE RAKE

SKU: QL036 | \$87.95

36" wide

Don't lose the fines!

- » Does not pull the large stones away from the fines in your gravel
- » Made of lightweight, durable extruded aluminum alloy
- » One serrated edge

QUICK-E-HAMMER

SKU: NT003 | \$120.95

Hammer drill required

Hammer drill not included

If base is compacted to proper density, you NEED this tool!

- » Install spikes, stakes or re-bar into edging
- » Alleviates tennis elbow, carpal tunnel, and fatigue
- » No more smashed fingers
- » Milled out of solid steel
- » Hammer drill shank type: SDS Max – 6.9 joules of impact

QUICK-E-HANDLE

SKU: NT005R | \$120.95

Extends to 42"

Easy to use, adaptable, telescopic handle!

- » Light-weight heavy duty telescopic handle
- » Use w/QUICK-E-Sand Plow, QUICK-E-Screeder Package & QUICK-E-Tracer

JOINT CLEANER

SKU: 54050 | \$4,589.95

	Dimensions: 30" x 14" x 4"
	Use by hand
	55 lbs. machine

Ideal for rehabilitation!

- » 10-jet joint cleaner
 - » Protects the substructure
 - » Without water use
 - » Controlled ejection of the material
 - » Evenly cleans compromised joints
- *Required Air Compressor 141 CFM @140 PSI or greater (not included)*

QUICK-E-LASER ROD

SKU: NT034 | \$270.95

	Extends up to 140"
	Laser & Receiver not included

Simplify the math - no more difficult fractions!

- » Telescopic internal foot to allow contractors to set any given point on a job site to "0"
- » Quick & Easy to adjust
- » Inches & Centimeters
- » Measurements are etched into the rod

MINI JOINT FILLER

SKU: 53578 | \$4,705.95

	42" working width
	150 lbs. machine
	Honda GXV160 H2

Use dry or wet!

- » Ideal for sweeping in sand
- » Attach a hose for sands using water to activate
- » Low maintenance – automatic chain tension
- » Folding handle – makes for easy storing/transport
- » 8 broom inserts with 2 broom crosses

Replacement brushes
(48745 \$34.95)

QUICK-E-PAVER PAD

SKU: PP101 | \$235.95

	19" x 24" pad
--	---------------

No more scratched pavers

- » Our long lasting recipe of polyurethane
- » Protect pavers from being scuffed by the steel plate compactor
- » Mounting hardware included
- » Fits most compactors!
- » Pre-drilled holes are 14" apart on clamping bar.

QUICK-E-JOINT REMOVER

SKU: NT019 | \$183.95

	Depth 0" - 4"
--	---------------

Remove joint fill easily

- » Great for permeable paver maintenance
- » Ability to remove compromised poly sand
- » Vacuum joints – water free
- » Spring steel needle to loosen joint fill
- » Use with shopvac or iQ HEPA vac (sold separately)

PAVER PULLER

SKU: 54432 | \$239.95

	Adjusts 7.8" - 11.8"
--	----------------------

Extracting pavers

- » Due to the even pressure of the handle placement, the pull force is applied equally
- » When pulling the pavers out, it is almost impossible to pinch your fingers!

Replacement blades
available
2 pc. - \$89.95

QUICK-E-PAVER SQUARE

SKU: NT1052 | \$103.95

 True 3' x 4' x 5' square

 Use by hand

Lay out made easy!

- » Aircraft aluminum construction
- » Collapsing triangle for easy storage
- » Easy to use for quick & accurate work

MAXI SQUARE

SKU: 47007 | \$323.95

 70.3" x 70.3" x 99.5"

Large Foldable Square

- » For applying and checking 90° & 45° angles
- » Great for patios
- » Large – guarantees accurate work
- » Foldable – easy to store

QUICK-E-SAND PLOW

w/ Handle
SKU: NT012 | \$324.95

w/out Handle
SKU: NT011 | \$239.95

 Accommodates paver heights 0mm - 110mm

 Use with the QUICK-E-Handle

Preps base for edge restraint

- » Plow the sand away from the paver edge so edging can be installed on a level base
- » Do this standing up!
- » Helps reduce edging failures

QUICK-E-TRACK CLEANER

SKU: NT030 | \$73.95

Ease the pain of cleaning your machine

- » Get into all the "hard to get places" to clean the undercarriage & buckets on your machines
- » Open ended shovel with a tight pointed end
- » Great for getting caked on mud off machines
- » Heavy duty steel construction

QUICK-E-TUMBLER

SKU: NT023 | \$290.95

 Drill not included

Age, antique, or tumble split products

- » Quickly match a split edge to the tumbled product being used
- » Same technology is being used in most paver & wall manufacturing plants
- » Attach to a 1/2" drill

*Drill not included

QUICK-E-WALL SCREED

SKU: NT002 | \$142.95

 15' long

Fastest way to install wall setting bed with minimal effort

- » Set the screed pipes with laser rod, strike off #8's, lay the block on a perfect setting bed
- » Eliminates carpal tunnel & tennis elbow that could be attributed to old install procedures - no more hammering block
- » Set 15 linear ft. of wall base at a time - quickly and accurately!

QUICK-E-RADIUS TEMPLATE

SKU: NT018 | \$189.95

Cut caps fast & identical every time!

- » Easily mark radius pieces
- » Mark radius up to 36"
- » Built in measurements for accurate marking
- » Use on fire pit caps, coping, off set radius marking
- » Fits block up to 14" wide
- » Folds down for easy storage

*Full radius guide on our website

*"I've been in the industry for 20 years and this makes life so much easier."

What is COMPATROL?

The first continuous compaction control system where the vibration of the base plate is increased/decreased based on the soil conditions. The results are displayed on the control panel and tell you when optimal compaction is reached.

The machine doesn't have to hit 7 – look for a consistent light, every job will be different.

*See website for the complete listing of Weber products. Call for pricing. Financing available.

S19 PAVEJET

Lay a layer in 20 seconds or less
